TO:

Honorable Matt Sorensen and Members of the Finance Committee

FROM:

Judge Elizabeth A. Robb

RE:

Circuit Court Secretary Position

The Circuit Court respectfully requests approval of the McLean County Finance Committee to fill the pending vacancy of a Circuit Court Secretary position within the Associate Criminal Division. This senior secretary position is currently classified within Pay Grade 6 with a salary range of \$12.3236 to \$17.8741 per hour. The incumbent, Stephanie Woolridge, is resigning from the position effective November 15, 2002.

The Associate Criminal Division has the highest volume of cases within the Circuit Court. In 2001, over 39,000 cases were filed within this division. The Circuit Court fully expects the number of cases filed in 2002 to exceed 41,000 cases.

The four secretaries within the Associate Criminal Division jointly coordinate the calendars of four judges – arraignments, pre-trials, bench trials and jury trials. These positions work closely with the Circuit Clerk's Office in entering data into the EJS system. This Circuit Court Secretary position also coordinates with the State's Attorney's Office and the Victim/Witness Program the scheduling for Civil Order for Protection hearings. Chief Judge John Freese and I will be present at the November 5, 2002 Finance Committee meeting to discuss this issue.

Thank you for your consideration in this matter.

RE:

Replacement of Election Administrator and

Additional Deputy Clerk

Thank you for your verbal approval to proceed with the hiring of our Elections Administrator.

I respectfully request formal permission to hire a replacement for our Elections Administrator's position. As I shared with you on October 22, 2002, our current Administrator has given notice of her resignation.

Also, we would like your Committee to consider approval of an additional Deputy Clerk in elections. We realize that we have added two additional full-time employees since 1999 but these positions were primarily for the additional workload in vital records and taxes. Please see the enclosed.

We have attempted to remedy the staffing situation ourselves with the use of volunteers from the genealogical society, volunteer assistance through Marc, and by contacting Careerlink for added voluntary assistance but these are only temporary fixes to a permanent problem.

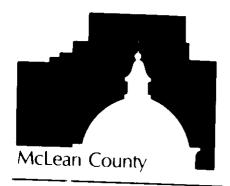

Thank you for your attention to this matter.

*We would like to make this position exempt prior to hiring the new administrator. Also, as is indicated above most of the counties we called, their administrator is exempt. After completing a questionnaire and doing research (attached) we believe this would be warranted.

Tasks Added Since Taking Office

- Our requests (receipts) have almost doubled.
 - In 1998, we processed 6,722 receipts. This year will process approximately 13,000 receipts. This is a 93.39% increase.
- Funeral Home Directors, Title Companies, and Attorneys are not permitted access to our records. All requests for vital records must be filled by members of our staff. (410 ILCS 535/24)
- Record "deceased" on birth records of deceased persons as mandated by 410 ILCS 535/25.1.
 - Caught up many years of backlog and maintain.
- According to the Vital Records Act, we must keep all applications for copies of vital records for three years. A filing system and index for these was created and is maintained.
- ➤ Index Assumed Names in a computerized index. (Maintaining an index is mandated by 805 ILCS 405/3.)
 - This was previously done by hand-typing index cards, which are very easily misplaced or misfiled by the public.
 - Maintaining current and working on years of backlog.
- At the Request of Information Services, we now print our own precinct lists. These are very large lists (several thousand pages) and take many hours to print. We are mandated to provide these lists for the Party Chairmen and any voter who requests such by 10 ILCS 5/4-11.
- > Purge entire voter roll every two years as mandated by 10 ILCS 5/5-25
 - Ongoing process.
- Due to changes in legislation, (10 ILCS 5/13-4) we are able to use High School students as election judges. This increases the amount of training we must conduct and involves coordination with school principals.
- Maintain an index of birth records requested, by name and number requested, as directed by the State Department of Vital Statistics.
- Add birth certificate numbers to all birth records received as directed by the State Department of Vital Statistics birth records which do not contain these numbers are not considered complete, certified copies by most agencies.
 - Caught up several year backlog and maintain.

- > We have updated our voter system to digitized signatures. This update expedites the accuracy and efficiency at the polls, yet it has increased office workload.
 - We now must scan the signature of every new registered voter.
- > We requested a website to better serve which has increased the public's awareness of services offered by our office. We are pleased the County is supportive of the website.
 - Maintaining and updating information on website takes additional staff time.
 - Answering the additional calls and e-mails takes additional staff time as well.
- Due to increased Internet access, genealogical requests have almost doubled. We are required by 410 ILCS 535/25 to fill these requests.
 - We have a volunteer to help fill these requests.
- We have been diligently working on documenting procedures for all tasks performed by our office. This is a never-ending process due to the many law changes and our continual pursuit of more efficient ways to accomplish tasks. In the past if the person responsible for a specific area was not in the office, the customer requesting assistance was asked to leave and return at a later date.

(410 ILCS 535/24)

Sec. 24. (1) To protect the integrity of vital records, to insure their proper use, and to insure the efficient and proper administration of the vital records system, access to vital records, and indexes thereof, including vital records in the custody of local registrars and county clerks originating prior to January 1, 1916, is limited to the custodian and his employees, and then only for administrative purposes, except that the indexes of those records in the custody of local registrars and county clerks, originating prior to January 1, 1916, shall be made available to persons for the purpose of genealogical research. Original, photographic or microphotographic reproductions of original records of births 100 years old and older and deaths 50 years old and older, and marriage records 75 years old and older on file in the State Office of Vital Records and in the custody of the county clerks may be made available for inspection in the Illinois State Archives reference area, Illinois Regional Archives Depositories, and other libraries approved by the Illinois State Registrar and the Director of the Illinois State Archives, provided that the photographic or microphotographic copies are made at no cost to the county or to the State of Illinois. It is unlawful for any custodian to permit inspection of, or to disclose information contained in, vital records, or to copy or permit to be copied, all or part of any such record except as authorized by this Act or regulations adopted pursuant thereto. Before furnishing the copy, the custodian shall prominently stamp on the copy the word "DECEASED" and write or stamp on the copy the date of death of the deceased person. The custodian shall retain the information form completed by the person making the request, and note on the birth certificate record that such a request was made. The custodian shall make the information form available to the Department of State Police or any local law enforcement agency upon request. A city or county custodian shall promptly submit copies of all completed forms to the Registrar. (c) The Registrar shall furnish, no later than 60 days after receipt of a form used to request a birth certificate record of a deceased person, a copy of the form and a copy of the corresponding birth certificate record to the Illinois Department of

Public Aid and the Department of Human Services. The Illinois Department of Public Aid and the Department of Human Services shall, upon receipt of such information, check their records to ensure that no claim for public assistance under the Illinois Public Aid Code is being made either by a person purporting to be the deceased person or by any person on behalf of the deceased person. In each precinct one canvasser may be appointed from outside such precinct if not enough other qualified persons who reside within the precinct can be found to serve as canvasser in such precinct. The one canvasser so appointed to serve in any precinct in which he is not entitled to vote prior to the election must be entitled to vote elsewhere within the ward or township which includes within its boundaries the precinct in which such canvasser is appointed and such canvasser must be otherwise qualified. If upon the basis of investigation or canvasses, the county clerk shall be of the opinion that any person registered under this Article 5 is not a qualified voter or has ceased to be a qualified voter, he shall send a notice through the United States mail to such person, requiring him to appear before the county clerk for a hearing within ten days after the date of mailing such notice and show cause why his registration shall not be cancelled. If such person fails to appear within such time as provided, his registration shall be cancelled. If such a person does appear, he shall make an affidavit similar in every respect to the affidavit required of applicants under Section 5-16 of this Article 5. (Source: P.A. 81-1535.)

Request for Approval Of Contract with Cirone Computer Consulting Inc. to Purchase Software Upgrade

To the Honorable Members of the McLean County Board and the McLean County Finance Committee:

Information Services and the office of the Supervisor of Assessments are requesting approval of the attached contract to purchase a software upgrade module from Cirone Computer Consulting Inc. Sufficient funds exist within the office of the Supervisor of Assessments for this purchase.

The software to be developed will allow figures from local assessor's offices to be loaded electronically into the PAMS database of the Supervisor of Assessment's office. In turn, equalized assessment values will be able to be delivered back to the local assessors.

The contract attached has been negotiated by Information Services with the assistance of the Civil State's Attorney.

I'll be happy to answer any questions you may have.

Respectfully submitted,

Craig Nelson

Director, Information Services.

MASTER SOFTWARE LICENSE AGREEMENT Agreement #IS02001

This is a License Agreement (the "Agreement") between **Cirone Computer Consulting Inc.** ("LICENSOR"), a company having a place of business at 40 Dupage Court, Suite 500, Elgin, Illinois 60120 and the **County of McLean, Illinois** (the "COUNTY"), having its administrative office at 104 West Front Street, 7th Floor, Bloomington, Illinois 61701.

RECITALS

WHEREAS, LICENSOR is the owner of certain software products (hereafter referred to as the "Software") which are more fully described in supplements attached hereto; and

WHEREAS, the parties agree that they shall execute a supplement (the "Supplement") in a form substantially the same as the form attached hereto as Exhibit A, and by this reference incorporated herein, for each such Software product to be licensed by COUNTY. Each Supplement will be governed by the terms of this Agreement. The Supplement(s) shall set forth, among other things, a description of the Software, the location(s) and or data processing systems for which the Software is licensed and the pricing;

Accordingly, the parties agree as follows:

1. <u>LICENSE</u>. LICENSOR grants to COUNTY, and COUNTY accepts from LICENSOR, an irrevocable, non-exclusive and non-transferable license to use the Software (the "License'.'): COUNTY is prohibited from licensing, sublicensing or transferring the Software to a third party (except to a related party).

Unless otherwise provided in the Supplement, the Software may be used on any CPU of COUNTY located at any of COUNTY's premises in the United States. Use of the Software may be subsequently transferred to other data processing systems maintained by COUNTY provided the total number of data processing systems on which the Software is used by COUNTY does not exceed the total number of copies of the Software COUNTY has purchased. A License may be temporarily transferred to back-up equipment if the particular scheduled equipment is inoperative.

The parties agree that COUNTY shall purchase the number of copies of the specific Software, as set forth in the relevant Supplement. The total purchase price for the copies shall be set forth in the relevant Supplement. If LICENSOR's price for the Software decreases before delivery of the Software to COUNTY, COUNTY shall receive the lower price.

The parties also agree that COUNTY shall hereafter purchase from LICENSOR as many additional copies of the Software as COUNTY determines it may need. The price for any additional copies purchased hereafter shall not exceed the lesser of the price set forth in the relevant Supplement or LICENSOR's then-current price, whichever is less. For purposes of this Agreement any reference to the Software shall also include any copies of the Software purchased by COUNTY now or hereafter. Use of copies purchased now or hereafter shall be governed by the terms and conditions of this Agreement.

- 2. <u>DOCUMENTATION</u>. LICENSOR agrees it shall provide COUNTY with all user documentation, including but not limited to all operator and user manuals, training materials, guides, listings, specifications, and other materials for use in conjunction with the Software. LICENSOR shall deliver to COUNTY one complete copy of the documentation, and COUNTY shall have the right to make additional copies of the documentation and may internally distribute paraphrases or limited excerpts from the documentation provided they maintain LICENSOR's copyright notice on such copies.
- 3. <u>TITLE TO SOFTWARE SYSTEMS</u>. The Software and all documentation hereunder and all copies thereof are proprietary to LICENSOR and title thereto remains in LICENSOR. COUNTY shall not sell, transfer, publish, disclose, display or otherwise make available the Software or copies thereof to any party other than for maintenance purposes.

4. DELIVERY. ACCEPTANCE. PRICE AND PAYMENT. LICENSOR agrees that:

- a. LICENSOR shall bear all freight, shipping and handling costs for the delivery of the Software and all risk of loss including any insurance costs. Any lost or damaged Software shall be replaced by LICENSOR without charge.
- b. The Software shall be deemed accepted by COUNTY when installed on the data processing system and operating as set forth in the documentation.
- c. COUNTY shall make payment to LICENSOR for the Software License pursuant to the fees and payment terms set forth in the relevant Supplement within thirty (30) days of COUNTY's acceptance of the Software or receipt of an accurate invoice, whichever occurs later.

<u>5. TAXES</u>. COUNTY shall, in addition to the other amounts payable under this Agreement, pay sales and use taxes which it customarily pays in transactions of this nature. COUNTY shall not be responsible for (i) any taxes on LICENSOR's income or net worth; or (ii) any fines, penalties or interest or charges of any kind owed due to LICENSOR's failure to timely pay any taxes.

6. <u>LICENSOR's WARRANTIES</u>. LICENSOR hereby warrants and represents to COUNTY the following:

a. LICENSOR is the owner of the Software or otherwise has the legal right to grant to COUNTY the License granted in this Agreement without violating any rights of any third party, and there is currently no actual or threatened suit by any such third party based on an alleged violation by LICENSOR of such right.

b. For a warranty period of six (6) months from the date of COUNTY's acceptance of the Software, as specified above, the Software in its delivered form shall not contain any defects and shall function properly and in conformity with the description, specifications and documentation set forth in the relevant Supplement and during the warranty period LICENSOR shall provide to COUNTY, without additional charge, all reasonably necessary consultation requested by COUNTY in connection with its use and operation of the Software or any problems therewith.

- c. LICENSOR shall promptly correct any defects or malfunctions in the **Software or documentation** as delivered to COUNTY discovered during such warranty period and shall provide COUNTY with corrected copies of same without additional charge. LICENSOR's obligation hereunder shall not affect any other liability which it may have to COUNTY.
- d. LICENSOR shall provide to COUNTY, without additional charge, copies of the Software and documentation revised to reflect any enhancements to the Software made by LICENSOR during the warranty period. Such enhancements shall include, but are not limited to, all modifications to the Software which increase the speed, efficiency or ease of operation of the Software or add additional capabilities to or otherwise improve the functions of the Software. If it is determined at any time that the Software as delivered to COUNTY does not operate in accordance with the published documentation, LICENSOR shall use its best efforts to cure the defect. Should LICENSOR be unable to cure any material defect within a sixty (60) day period of receipt of all reasonably necessary documentation of said defect from COUNTY, COUNTY, at its sole option, may elect to terminate the License for the defective Software, and receive a refund of the License fee prorated based on a five-year useful life of the Software or the term of the License, whichever is less and a prorated refund of the current year's maintenance and/or any unused prepaid maintenance fees. Such refund shall be remitted to COUNTY within thirty (30) days from the date of termination. Service charges, subject to applicable law, not exceeding one and one-half percent (1/Z%) per month, may be made on refunds that are past due beginning the thirty-first (31 st) day after the date of termination. Notwithstanding LICENSOR's obligations in this Section 7, LICENSOR shall not be responsible to cure any defect that occurs as a result of the revision or alteration of the Source Code by COUNTY.

- 7. <u>COPIES</u>. The Licenses) granted herein includes) the right to copy the Software in nonprinted, machine readable form in whole or in part as necessary for COUNTY'S own back-up or archival use. Such copies may exist beyond the termination of this Agreement in a non-production status as part of COUNTY's archives. COUNTY may create or copy screen prints from the materials provided under this Agreement. For the term of the Agreement, LICENSOR grants to COUNTY the right to use the Software on one (1) additional CPU for evaluation or testing purposes only ("Test Copy"). There shall be no charge for COUNTY's use of the Test Copy as herein defined
- 8.. TERMINATION. LICENSOR or COUNTY may terminate this Agreement or a particular Supplement upon a breach by the other party of any one or more of the material terms and conditions of the Agreement or a particular Supplement. The party in breach shall receive written notification from the other party of the breach and, unless within fourteen (14) days of receipt of said written notification either the breach is cured or a satisfactory resolution has been agreed upon in writing, the party giving such notice may terminate the Agreement. If this Agreement or a particular Supplement is terminated by COUNTY based on LICENSOR's breach, COUNTY shall receive a refund of the License fee prorated based on a five-year useful life of the Software or the term of the License, whichever is less, and a prorated refund of the current year's maintenance and/or any unused prepaid maintenance fees. Such refund shall be due to COUNTY within thirty (30) days from the date of termination. Service charges, subject to applicable law, not exceeding one and one-half percent (1 %z%) per month, may be applied to refunds that are past due more than thirty (30) days. Upon termination of this Agreement and subject to the provisions of Section 8 above, COUNTY will use reasonable efforts to destroy or return to LICENSOR all production copies of the Software.
- 9. <u>HOLD HARMLESS</u>. LICENSOR expressly agrees to hold COUNTY fully harmless and to indemnify COUNTY from any and all claims, costs, expenses, damages, losses, or fees, including costs and reasonable attorneys' fees, incurred as a result of or arising out of any negligent acts or negligent failure to act by LICENSOR, its employees or agents resulting in injury, illness or death to any person or property of any person, while on COUNTY's premises.

10. CONFIDENTIALITY.

- a. All software products and documentation provided by LICENSOR to COUNTY for use with the Software Products and marked as "Confidential" are to be treated as confidential. COUNTY agrees to exercise the same degree of care in maintaining and protecting the confidentiality of such software products and documentation as it exercises in maintaining and protecting the confidentiality of its own like confidential materials.
- b. The parties expressly acknowledge that in the course of LICENSOR's performance hereunder, LICENSOR may learn certain confidential, patent, copyright, business, trade secret, proprietary or other like information of COUNTY. Anything in the Agreement to the contrary notwithstanding, LICENSOR expressly agrees that it will keep strictly confidential any such information of COUNTY, or of any of its vendors, suppliers, or citizens, which LICENSOR learns. LICENSOR expressly further agrees that it shall return to COUNTY upon COUNTY'S request any such information and copies thereof. The terms of this Section 13 shall survive the termination of this Agreement.

- c. The provisions of this Section 13 shall not apply to information which: (i) is in the public domain or in the possession of the LICENSOR without restriction at the time of receipt under this Agreement; (ii) is used or disclosed with the prior written approval of COUNTY; (iii) is independently developed by LICENSOR; (iv) is or becomes known to the LICENSOR from a source other than COUNTY without breach of this Agreement by the LICENSOR; or (v) is ordered to be released by a court of competent jurisdiction or appropriate regulatory authority, but in such case LICENSOR agrees to notify COUNTY immediately and cooperate with COUNTY in asserting a confidential or protected status for the information.
- 11. <u>LICENSOR'S PROPRIETARY NOTICES</u>. COUNTY agrees that any copies of the Software which it makes pursuant to this Agreement shall bear all copyright, trademark and other proprietary notices included therein by LICENSOR and, except as expressly authorized herein, COUNTY shall not distribute same to any third party.
- 12. <u>NOTICE</u>. All notices required or permitted to be given by one party to the other under this Agreement shall be sufficient if sent by <u>certified</u> mail, return receipt requested, to the respective addresses set forth below or to such other address as the party to receive the notice has designated by notice to the other party.

LICENSOR warrants that it has specifically and individually informed COUNTY in writing of the nature of any such devices and the circumstances and conditions which cause such devices to operate, and LICENSOR shall (a) prior to delivery of the Software adjust or disable such devices so as to make them inoperable, and (b) advise COUNTY of the adjustments so made. UNDER NO CIRCUMSTANCES WHATSOEVER SHALL LICENSOR INSERT, ACTIVATE OR OPERATE ANY DEVICE DESCRIBED IN THIS SECTION, NOR SHALL IT DEACTIVATE OR REPOSSESS THE SOFTWARE BY ELECTRONIC MEANS OR OTHERWISE. IF, IN VIOLATION OF THIS SECTION, A DEVICE DESCRIBED IN THIS SECTION IS SO INSTALLED OR ACTIVATED, NOTWITHSTANDING ANY LIMITATION OF LIABILITY IN THIS AGREEMENT, COUNTY SHALL BE ENTITLED TO ALL DIRECT AND CONSEQUENTIAL DAMAGES RESULTING THEREFROM.

14. GENERAL.

a. Each party acknowledges that it has read this Agreement, understands it, and agrees to be bound by its—terms, and further agrees that this Agreement, Exhibits A and B, the Supplements attached hereto represent the complete and exclusive statement of the agreement between the parties, which supersede and merge all prior proposals, understandings and all other agreements, oral and written, between the parties relating to this Agreement. Subj: Progress Report on External Auditor's Management Letter

Date: October 30, 2002

FINDINGS:

1. The External Auditor indicated three areas of concern that pertained to the Recorder's office in their 2001 Management Letter. Remedial action is complete in two of these areas but still lacking in the final one. Additionally, there is a finding that pertains to pre-2001 audits that needs to be addressed.

- 2. The bank account at Commerce Bank was closed out in June 2002. This means that there is no longer any need to conduct monthly reconciliations between the bank account and the General Ledger. Action complete.
- 3. Computer controls that preclude misappropriation through subsequent editing of cash transactions are being used. A Voided Fees Report is run at the end of the day to indicate if any transactions were voided subsequent to their initial entry. It is reviewed but not kept on file with the rest of the end of day report. Action complete.
- 4. The Revenue Stamp Inventory has not been reconciled to the General Ledger to date. This item has been the subject of numerous write-ups in previous years' audits. Action pending.
- 5. Due to the increased number of transactions conducted in the Recorder's office there is a lack of segregation of duties. The person running the Voided Fees Report is also involved in receiving and controlling funds (both cash and checks) received throughout the day. This was not cited in the Management Letter for the Audit conducted in 2001, but had been cited the previous year. Action pending

RECOMMENDATIONS:

- 1. Keep a copy of the Voided Fees Report with the rest of the end of day reports. All staff in the Recorder's office have been assigned a user ID number. This identifies which staff member has made a particular entry into the system and when it was done. Additionally, each workstation is identified in the report. The end of day report includes a Voided Fees Report that indicates if any transaction was subsequently voided. Only Sharon and Shirley have the authority and ability to enter the system to void a transaction. Currently, Sharon Dunham runs the report and Shirley Deerwester serves as a backup.
- 2. A template has been provided to the Recorder's office to assist in doing reconciliations. The External Auditor has been very clear in mandating the need to accomplish this on at least a monthly basis.
- 3. In order to keep the duties segregated, the person running the report and reviewing it at day end should not be involved in the transactions of that day. The high level of activity in the office makes it difficult to accommodate this segregation of duties. One possible solution would require the Recorder to be the one to shoulder this responsibility. Another possibility is to try and organize the duties in the office in a manner different than the current operations. That way the employee who has responsibility to run and review the Voided Fees Report is limited to working in an area that does not involve financial transactions during the course of that day.

Risk Management Fund Report - Third Quarter 2002

The cumulative claims experience as of the third quarter is reflected in Table 1 attached. Table 1 shows the total incurred losses for each year for each line of coverage. Incurred losses include outstanding reserves for indemnity and expenses as well as paid losses for each reported claim.

Reserves are established to reflect the total expected value of the claim at closure and may change according to further development in the claim. I am reporting that reserves for open claims for prior years are remaining constant at this juncture, an indication that the overall projected claims outlook has not adversely changed. Furthermore, the County has not settled any tort action this year in excess of \$10,000.

New claims reported during the three months since my last report include the total loss of 2 County vehicle, a squad that was involved in a one-car rollover accident while the deputy was engaged in the act of searching for a crime suspect and an Animal Control vehicle that was struck from behind during a stop sign. Both vehicles were deemed constructive total losses because the resulting damages compromised the integrity of the vehicle. Full recovery was received for the loss of the animal control truck. Both vehicles are in the process of being salvaged. Both employees involved suffered bruises and muscle strains, have recovered and are back to full-time duty. In the area of workers compensation claims, there were 19 new claims filed for the new quarter, one of which was a lost-time claim. Historically, Departments reporting the majority of claims activity remain the nursing home and the Sheriff deparments. At this reporting, we have received 3 new covered liability suits from prior years, none of which appear to be materially significant.

I am available to answer any questions that you may have with respect to this report. Thank you.

RESOLUTION NO.	
----------------	--

RESOLUTION evidencing the intention of The County of McLean, Illinois, to issue Single Family Mortgage Revenue Bonds and related matters.

WHEREAS, The County of McLean, Illinois (the "Issuer") is a political subdivision duly organized and validly existing under the Constitution and the laws of the State of Illinois; and

WHEREAS, the availability of decent, safe and sanitary housing that most people can afford is essential to retain and increase industrial and commercial activities and relieve conditions of unemployment in The County of McLean, Illinois; and

WHEREAS, the shortage of decent, safe and sanitary housing that most people can afford is not transitory and self-curing; the cost of financing such housing is a major and substantial factor affecting the supply and cost of decent, safe and sanitary housing built by private enterprise; and the revenue bonds provided for in this resolution will substantially lower the cost of such financing; and

WHEREAS, pursuant to the Constitution and the laws of the State of Illinois, and particularly the Local Government Housing Finance Law, 50 *Illinois Compiled Statutes 2000*, 456/1 et seq., as supplemented and amended (the "Act"), the County Board of the Issuer has the power to issue its revenue bonds to aid in financing the cost of mortgage loans for one to four family residences in The County of McLean, Illinois; and

WHEREAS, it is now considered to be necessary and desirable and in the public interest of the residents of The County of McLean, Illinois, for the Issuer to issue its revenue bonds in an amount not to exceed \$300,000,000, for the purpose of financing mortgage loans to low and moderate income persons for one to four family residences in The County of McLean, Illinois; and

WHEREAS, pursuant to the Constitution and the laws of the State of Illinois, and particularly Section 10 of Article VII of the 1970 Constitution of the State of Illinois and 5 Illinois Complied Statutes 2000, 220/1 et seq., as supplemented and amended (the "Intergovernmental Cooperation Act"), units of government may exercise jointly any power which they could individually exercise;

NOW, THEREFORE, Be It Resolved by the County Board of The County of McLean, Illinois, as follows:

SECTION 1. That, in order to provide decent, safe and sanitary housing that persons of low and moderate income in The County of McLean, Illinois, can afford, with the resulting public benefits expected to flow therefrom, it is deemed necessary and desirable for the Issuer to issue its revenue bonds in an aggregate principal amount not to exceed \$300,000,000 (the

"Bonds"), for the purpose of financing mortgage loans to persons of low and moderate income for one to four family residences located in The County of McLean, Illinois.

SECTION 2. That the Issuer will issue the Bonds in an aggregate principal amount not to exceed \$300,000,000 for the aforesaid purposes; that such Bonds shall not constitute an indebtedness, liability, general or moral obligation or a loan of credit of the Issuer, within the meaning of any constitutional or statutory provisions, but will be payable solely from the repayment of the mortgage loans; that neither the faith and credit nor the taxing power of the Issuer will be pledged to the payment of the principal of or interest on the Bonds; and that the Issuer will not have the right or authority to levy taxes to pay the principal of or interest on the Bonds.

SECTION 3. That, pursuant to the Intergovernmental Cooperation Act, the Issuer may choose to issue the Bonds jointly with or on behalf of one or more municipalities if the Issuer so determines, or to have the Bonds issued by another municipality on behalf of the Issuer if the Issuer so determines, such determinations to be made in the best judgment of the County Board Chairman of the Issuer that such a cooperative effort is in the best interests of the Issuer.

SECTION 4. That the Issuer is hereby authorized to apply for a volume cap allocation for calendar year 2003 for the issuance of the Bonds, which volume cap, if granted, will be allocated to the issuance of the Bonds upon the adoption of an ordinance authorizing the issuance of the Bonds.

SECTION 5. That the Issuer hereby agrees to work with Stern Brothers & Co. to underwrite the Bonds and with Chapman and Cutler, as Bond Counsel, in connection with the issuance of the Bonds during calendar year 2003.

SECTION 7. That the provisions of this resolution are hereby declared to be separable, and if any section, phrase or provision of this resolution shall for any reason be declared to be invalid, such declaration shall not affect the remainder of the sections, phrases and provisions of this resolution.

Re: Assist 2003 First-Time Home Buyer Down Payment Assistance Program

Dear Mr. Zuenik:

The 2002 Assist program is well underway in McLean County. After five months of the 2002 program being available in the County, 32 families were able to purchase homes through Assist in McLean County totaling more than \$2.8 million. We should expect to exceed \$5 million of originations prior to year-end. Several maps plotting the home sales and lists of addresses are enclosed as well as program outlines for the upcoming program.

In anticipation of the 2003 program, enclosed is our standard form of inducement resolution for the 2003 program. Like last year, after the resolution is acted on we will take the resolution and a request for volume cap to the Governor's Office in Springfield. We would plan on issuing the 2003 bonds sometime in early April. And as with prior years, the city of Aurora will serve as issuer for the group of communities.

Thank you for your continued support of Assist in McLean County, John, and we look forward to working with you and the County in the year to come.

Best Regards,

David S. Rasch

Re:

Request to Fill Vacant Position in County Administrator's Office

On October 15, 2002, Ms. Martha Ross left the County Administrator's Office to accept a position with the Corporate Law Department at State Farm. In accordance with the Resolution approved by the County Board on July 23, 2002, I am hereby requesting approval to begin the recruitment process to fill the vacant position of County Administrator Assistant.

The position of County Administrator Assistant serves both the County Board and the County Administrator's Office. On a daily basis, this position handles the correspondence and phone calls concerning the monthly appointments to the various local governing bodies in the County. The County Administrator Assistant is responsible for maintaining the calendar for all appointments and reappointments that are presented to the County Board each month. This responsibility requires a high degree of coordination with the local governing bodies and their corporate counsel and the Chairman of the County Board. In addition, this position is responsible for coordinating and managing the flow of departmental requests for items to be included on the various Board Oversight Committee agendas. The County Administrator Assistant prepares the monthly Agenda packet for four of the Oversight Committees and for the County Board meeting. After each month's Board meeting, this position prepares the documents for signature by the Chairman and County Clerk and sees that the executed documents are properly distributed. This position is also responsible for attending three Oversight Committee meetings each month and preparing Minutes of each meeting. This position also handles any individual request from a Board member, for example, travel arrangements to and from a Conference, Board stationary or business cards.

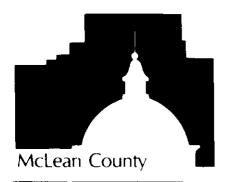

Within the Administrator's Office, this position provides executive secretarial support to both the County Administrator and Assistant County Administrator. This position manages the many telephone and written requests received for information about County

government. The position maintains and updates the information on Oversight Committee meetings, agendas, and minutes, which is posted to the County web site. On a daily basis, the County Administrator Assistant represents the County Board and County government in the many contacts and dealings with members of the public, other governmental entities, and County elected officials and department heads.

Recognizing the many responsibilities and critical tasks that this position performs for the County Board and County Administrator's Office, I am respectfully requesting approval to fill the vacant position of County Administrator Assistant. Should you have any questions about this request, please call me at 888-5110.

Thank you for your kind consideration.

Re: Fiscal Year 2003 Pay Plan and Pay Ranges

We respectfully request your approval of the enclosed Compensation Plan and schedule of Position Classifications and Pay Ranges for Fiscal Year 2003.

The only change to the Compensation Plan is in the tables following Section VI. Paragraph C., which reduce the number of merit steps an employee can earn from a maximum of 8 to a maximum of 6.

Appendix A of the pay plan lists the PAM scores (Position Appraisal Method) for all non-union and non-elected positions.

The Pay Range schedule increases all pay ranges by 1.5% to reflect the budgeted across-the-board pay adjustment.

One new job title was created. This will not result in an addition to staff, as an incumbent from an existing position will move to the new title. One current job title was eliminated. No existing job titles were reassigned to higher pay grades.

MCLEAN COUNTY GENERAL COMPENSATION PLAN FOR NON-UNION EMPLOYEES

January 1, 2003

SECTION I: Definitions

- A. Oversight Committee. The County Board committee assigned the responsibility of reviewing personnel salaries.
- B. AOIC. The Administrative Office of the Illinois Courts Probation Division. Provisions which reference the AOIC only apply when the personnel involved are professional employees in the Court Services Department.
- C. General Employees. All professional, technical, administrative and support employees of McLean County whose annual salaries are determined in accordance with the McLean County General Compensation Schedule.
- D. Permanent Employees. Employees whose positions are recognized in the annual McLean County Budget as full-time (0503.xxxx account number) or part-time (0515.xxxx account number) and who have every expectation that their employment in that classification will continue from year to year without interruption.
- E. Promotion. A change in an employee's position classification to a position classification which has a higher pay range.
- F. Transfer. A change in an employee's position classification to a position classification which has the same or a lower pay range, or a change in the department in which the employee works.
- G. Demotion. An involuntary change in an employee's position classification to a position classification which has a lower pay range.
- H. Merit Anniversary Date. The date on which an employee is eligible for consideration for a salary increase based on performance.
- J. Position Appraisal Method (PAM). A system for evaluating and maintaining internal job relationships within the McLean County personnel system, implemented July 1, 2000.

SECTION II: Annual Salary Adjustments

All employees included in the General Compensation Schedule shall receive any across-the-board salary adjustment which is applied to their respective salary schedules.

SECTION III: Philosophy Related to Step Progression

All pay grades on the General Compensation Schedules contain a range of salary rates, which allow employees in the same pay grade of the compensation system to receive different rates of pay.

- A. Pay Progression. McLean County expects its employees to progress along a salary range on some basis other than, and in addition to, any cost of living pay increases. This may take the form of a longevity system which is based on one's length of service, or a performance based system which provides merit.
- B. Merit Increases. McLean County believes that performance measurements and achievement provide the best methodology for determining pay progression. This allows an employee's rate of pay to be determined by the employee's own performance and value to the organization. It provides the department with an incentive tool to achieve departmental and organizational goals and encourages all employees to reach their maximum potential. Such increases also allow the department to differentiate among employees in order to recognize individuals whose performance is superior, as well as those who need to improve. We also recognize that the "average" or "satisfactory" employee should progress on the salary range in that their additional year of service has benefited the County. However, this component of pay progression is a minor portion of an employee's merit increase.
- C. Competency. The salary ranges adopted by McLean County are structured so that the midpoint of each such range represents "competency." Such competency is not just an indication that the employee has the necessary knowledge, skills, and abilities to perform the duties and responsibilities of the position, but also that the employee knows and understands the environment, including, as appropriate to the position, the political structure, other employees, outside contacts, etc.
- D. Beyond Competency. Progression along those wage steps which are above the midpoint of the salary range are reserved for employees whose performance consistently goes beyond competency. Advancement along these steps requires that the employee adds value to the position and the organization through their achievements on behalf of the organization.
- E. Maximum Limits. The salary range recognizes that there is a limit to the amount of achievement and value which an individual, by nature of the specific position classification which the employee occupies, can bring to the organization. Once an employee reaches the maximum salary rate for the position classification, the employee's annual compensation rate, albeit no longer progressing, rewards continual efforts and achievements.

SECTION IV: Evaluations and Merit Increases

- A. All merit increases require that a performance evaluation form, satisfactory to the County Administrator's Office and, as applicable, to the AOIC, be submitted to the County Administrator's Office along with the merit increase request, i.e. a completed Payroll Change Form. Whether or not the employee receives a merit increase, the evaluation form shall be sent to the County Administrator's Office no later than the Merit Anniversary Date. Said form shall be returned by that office to the Department Head within two weeks.
- B. All merit increases require an average evaluation score consistent with the merit step chart detailed in Section VI. Beyond the level of competency, i.e. the midpoint of the salary range, progression should become more difficult as the overall performance of the employee must be above that level required by the position. Thus, the amount of progression is less when the employee approaches midpoint and is further reduced as the employee progresses toward the maximum of the range.
- C. The County Administrator's Office may reject a merit increase, pending a review and decision by the Oversight Committee and, as applicable, the AOIC. Such action shall be based on the belief that merit increase(s) within a department are not consistent with merit principles or with the provisions of this compensation plan.
- D. The County Administrator's Office shall reject any request for a merit increase which does not conform to the provisions of this compensation plan or to the requirements of the performance evaluation instrument and instructions.

SECTION V: Establishing Salaries

A. New Hires. In order to recognize the value of long-term employees and to avoid wage compression within a pay grade, new hires should be employed at the minimum rate of their respective pay grades. If any position classification on the General Compensation Schedule includes employees scheduled for both a 37.5 hour workweek and a 40-hour workweek, the minimum and maximum hourly rate for that position classification shall be the minimum and maximum hourly rate for those on the 40-hour workweek schedule.

Each department head is authorized to offer a starting rate above the minimum, if necessary to employ a qualified candidate, subject to the following:

- 1. Department Head Discretion. The department head may offer a starting rate up to a maximum of 10 steps above the minimum rate to a candidate for any position classification.
- 2. Impacted Positions List. Candidates for position classifications requested by the County Administrator and approved by the Oversight Committee as "impacted" due to the difficulty of attracting and retaining qualified employees shall be eligible for the following, in addition to A.1. above:
 - a) Experience Credit. The employee may receive a maximum of an additional 3 steps of the minimum starting rate for each year of experience which is directly related to his new position with the County, limited to a total additional maximum of 12 steps.
 - b) Education Credit. A professional employee may receive a maximum of an additional 8 steps of the minimum starting rate for an educational degree which is directly related to his new position with the County and which is above the educational requirements for his position classification.
 - c) The County Administrator may approve a maximum of an additional 10 steps if, in his judgment, it is in the best interests of the County and necessary to attract the qualified employee.
- 3. Elected officials or department heads who believe the Department Head Discretion and Impacted Position policies would result in an insufficient starting rate for a candidate or vacancy must notify the County Administrator in sufficient time prior to the meeting of the Oversight Committee that they wish to request that the Oversight Committee set a higher starting rate for a particular candidate or vacancy. The Oversight Committee shall require a report from the County Administrator as to adjustments, if any, in the PAM Factors for the subject position.
- B. Promotions. A promoted employee shall generally receive a 5% increase but not less than the minimum nor more than the maximum rate of the pay range for the employee's new position classification. Also, the increase may exceed 5% if the change in the employee's merit date is disadvantageous; in which case an additional percentage shall be added by calculating the number of months of merit lost by the employee and multiplying that by the potential merit increase in the employee's previous position classification. The exact increase shall be determined by the County Administrator in consultation with the department head. Any increase exceeding 10%, unless necessary to reach the minimum of the new salary range, requires the consent of the Oversight Committee and, as applicable, the AOIC. The employee's merit anniversary date will be the date of the promotion.
- C. Transfers. Transferred employees shall retain their present salary and merit anniversary date; however, they shall not be eligible for a merit increase until serving at least three months in the

new position. If an employee transfers from one department to another within four (4) months of the next Merit Anniversary Date, the department receiving the employee may request, in writing, that the other department provide a completed performance evaluation form on that employee. The department providing the employee shall honor all such reasonable requests. Such requests should be made within one month of the employee's transfer.

D. Demotions. A demoted employee shall receive the same step in the new salary range as s/he received of the previous (higher) salary range. The extent of the decrease may be lessened if, projected over the next 12 months, this would result in a loss greater than the percentage differential between the two salary ranges. Also, the decrease may be lessened if the change in the employee's merit date is disadvantageous; in which case an additional percentage shall be added by calculating the number of months of merit lost by the employee and multiplying that by the potential merit increase in the previous position classification. Also, the department head may consult with the County Administrator's Office concerning possible arrangements to withhold future increases to mitigate the extent of present salary loss to the employee. Any such arrangement requires the written consent of the employee and must be reported to the Oversight Committee and, as applicable, the AOIC. The employee's merit anniversary date will be the date of the demotion.

SECTION VI: Merit Increases

- A. Eligibility. All permanent general employees shall be eligible for merit increase consideration on their merit anniversary dates. Each employee eligible for a merit increase shall be evaluated in accordance with this compensation plan and the requirements of the evaluation instrument and instructions under departmental procedures so that said evaluation is completed and discussed with the employee prior to the actual Merit Anniversary Date. In the case of part-time employees, the actual Merit Anniversary Date shall not be considered to have occurred unless the employee has at least 900 hours of actual work hours (including benefit time) since the last merit increase (or 450 hours when the first merit increase is six months from the date of hire). The merit increase shall be effective at the beginning of the payroll period:
 - 1) during which the employee's Merit Anniversary Date falls, assuming that the employee is normally scheduled to work on or after that date during that payroll period, if the Evaluation Form and Payroll Change Form are received in a timely manner; or
 - 2) at the beginning of the next payroll period following the receipt of the Evaluation Form and Payroll Change Form by the County Administrator's Office, if these materials are late.
- B. Probation. All newly hired employees shall serve a six-month probationary period which may be extended by the department head if additional time is necessary in order to properly evaluate the employee's prospect of success in the position. All such extensions must be reported in writing to the County Administrator's Office. Employees who successfully complete

their probationary period, except as noted, shall receive an increase of a maximum of steps indicated by the charts in Subsection C of this Section, and the end of probation shall be their merit anniversary date. Those employees who start at step 11 or above of the pay grade for the position classification shall retain their employment date as their merit anniversary date, regardless of the ending date of their probation.

C. Merit Increase Ranges. General employees who qualify for merit increases shall receive salary increases in accordance with the following schedules. Each step equals 1/2% (one-half percent) of the minimum salary for the particular pay grade and salary schedule. All evaluation scores are based on a total of five (5) possible points. The step columns refer to the employees' current step (prior to receiving this merit increase). For certain employees in the Court Services Department, who are under the jurisdiction of the AOIC, it is recognized that those below the midpoint of their respective salary ranges also receive merit and longevity credit within any annual salary adjustment, as described in Section II.

Certain employees of the Court Services Department, due to the requirements of the AOIC, shall not be eligible for any such increase unless their evaluation score is a minimum of 3.25. This compensation plan also recognizes that such employees receive credit for their longevity as well as their performance but that such credit is provided partially by any across-the-board increase, as provided in Section II of this policy.

- D. Merit Increase Methodology. All merit increases shall be added to the employee's present salary rate. The employee's new salary rate shall be stated in even steps with each step equaling increments of one-half of one percent (0.5%) of the minimum of the salary range for the position classification and shall not exceed the maximum of the salary range.
- E. Merit Standards. The merit step system is designed to permit departments to reward employees for their performance. It is understood that the indiscriminate awarding of merit acts as a disincentive for employees who typically are exceptional performers. It follows that the number of merit steps awarded to various employees within a department should differ. In order to protect the intent of this merit system, the County Administrator's Office shall be responsible for maintaining statistics necessary to determine that merit standards are met. This shall be accomplished as follows:
 - 1. Each department, as identified within the McLean County Annual Budget, shall evaluate the employees within that department and be responsible for maintaining the merit standards.
 - 2. Merit standards shall be considered as met by each department unless such department awards merit so that the department's ratio of steps awarded divided by the maximum steps available, exclusive of any such award for an employee who reaches the maximum step for his position classification by receiving four (4) or less steps of merit, is 1.0 or more standard deviations higher than the mean for all departments collectively.
 - 3. Any department which exceeds this merit standard over a one calendar year period shall, for the next calendar year, be limited to the following maximum number of merit steps for each employee: 1/2 (one-half) of the number of steps indicated in Section VI.

If such department's performance evaluation scores continue to exceed the norm for all other departments, then the above restriction on merit steps shall continue during the next year.

SECTION VII: Policy Review

This General Compensation Plan shall be reviewed annually by the County Administrator, who shall make recommendations concerning this plan to the Oversight Committee, which may recommend changes to the County Board and, as applicable, to the AOIC. The annual review shall include a study of the PAM Factors (see Appendix A) for one or more positions, and recommendations for changes thereto.
